### DAY 1: GREATER ADDO ELEPHANT NATIONAL PARK AREA

After meeting your crew in the windy city of Gqeberha (Port Elizabeth), we head straight into the Addo Elephant National Park for our afternoon game drive. Recent expansion has seen Addo grow to become the third largest of South Africa's National Parks. The unique vegetation of Addo supports a wide variety of wildlife and we will spend the afternoon in search of the animals

#### **Addo Elephant Park**

*In 1919 the administration of the Cape Province decided to cull the elephant population in the Addo region and hired a Professional hunter, Major Jan Pretorius, to destroy the entire herd that inhabited the area at the time.*

*It took him a year to kill 120, before he was stopped due to public outcry.*

*Only 16 traumatised Addo elephants remained, wounded, frightened and unable to coexist with humans. In 1931, when only 11 elephants were left alive in the area, it was proclaimed a national park. The elephants, however, were still hostile - destroying crops and attacking anyone who came near. Finally, in 1952, one of the farmers of the area suggested that a fence be erected around the park. This kept the Elephants secure and out of the surrounding farming area. Black rhino was reintroduced in 1961- the first in the Cape for a hundred years. Today the Park boasts the Big Seven, (elephant, rhino, lion, buffalo, leopard, southern right whale and great white shark) and is sanctuary to over 450 elephants, Cape buffalo, a variety of antelope species, as well as the flightless dung beetle, found exclusively in this area.*

*Addo elephants are unique in that although they belong to the same species as the African Elephant, they are smaller with more rounded ears and the females generally have no tusks.*

### DAY 2: GRAAF REINET

The semi-arid Karoo represents the heartland of rural South Africa and presents a stark contrast to the mountains we leave behind. Our overnight stop is set in the historic town of Graaff-Reinet

### **Lesotho**

*Landlocked in the centre of South Africa, the Kingdom of Lesotho is one of the few countries in Africa with natural boundaries created by tribal demands rather than those imposed by colonial decree. Lesotho, like Swaziland, is one of the three surviving monarchies of Africa, but unlike Swaziland, the king serves a mostly ceremonial function and the Prime Minister of Lesotho has executive authority.*

*There are few natural resources in this small country, and over population has decreased the agricultural potential, but the country has an overwhelming natural beauty and welcoming, friendly people. The high Maluti Mountains cover most of Lesotho, a rugged, wild range that inevitably creates their own climate, which can lead to sudden temperature drops and thunderstorms.*

*The earliest known inhabitants were the Khoisan hunter-gatherers. Evidence of their occupation goes back at least 30 000 years, with cave paintings and other San artefacts found in numerous scattered sites all over Southern Africa, many concentrated in Lesotho. Their artistic talents have given us a glimpse of their way of life and their profound spiritual bond with the earth and animals. However, the San (known as Bushmen by colonial settlers and as Baroa by the Basotho tribes of Bantu origin) were persecuted from the moment they were seen by outsiders and long ago retreated to the Kalahari sands, their last refuge.*

### **DAY 4: LESOTHO - MALEALEA**

The clean air of the mountains accompanies us this morning as we explore the mountains on foot, our hike concludes with a village visit and the opportunity to gain insight into the community that calls these mountains home. The Basotho are famous for their traditional hats, blankets and their sturdy ponies. Basotho ponies are renowned for their surefootedness in the mountains and you have the opportunity of an optional pony trek this afternoon to experience this first-hand. This activity is not for the inexperienced or fainthearted.

Running the length of the Kwazulu-Natal province, the Ukhahlamba Drakensberg Park is a UNESCO recognised world heritage site. Whether you go by the Zulu name uKhahlamba, meaning 'barrier of spears', or the Afrikaans name Drakensberge, meaning 'dragon mountains', these towering mountains area hiker's paradise and worthy of exploration.

### **Royal Natal (Ukhahlamba) National Park**

*The Royal Natal (Ukhahlamba) National Park, meaning ‘the Barrier of Spears’, is a world heritage site with some of the most exceptional mountain scenery in Africa. The dramatic features include high altitude grasslands, pristine steep-sided river valleys and rocky gorges. The main feature is the world-famous Amphitheatre, a rock wall approximately 5 km in length, and 500 m high. Above the amphitheatre is Mont-aux-Sources peak where the Orange River begins its long journey to the Atlantic Ocean, and Thukela river cascades down the face of the amphitheatre, forming one of the highest waterfalls in the world. The most popular activity at Royal Natal is undoubtedly hiking. A comprehensive hiking guide is available for purchase at the Visitor Centre, at Thendele camp office and at the main entrance gate. The brochure shows a map of the park and the network of hiking paths which visit every part of the park from the gentle walk to Fairy Glen to the challenging hike up the Crack and down the Mudslide.*

*This spectacular natural site supports a diversity of plant and animal life, and also contains many caves and rock shelters with the largest group of rock paintings in Africa south of the Sahara, made by the San people over a period of 4,000 years. These represent the spiritual life of the San people, who are believed to have survived here until 1878. A number of guided hikes are available to view the paintings. The area was initially 3 330 hectare in extent, but over time land has been added to obtain its present size of 8 094 hectares.*

### **DAY 7: KWA ZULU NATAL COAST – ST LUCIA**

It's all downhill as we leave the mountain scenery enroute to the Kwazulu Natal Coast. On the 5th August 1962, police waved down a car on a lonely country road in KwaZulu-Natal. At the wheel was Nelson Mandela. He was arrested and spent 27 years in prison. Today you will have the opportunity to visit this historic capture site, marked by an impressive sculpture in honour of “Madiba”. We will also stop at the Howick Falls to listen to the power of the falls and take some photos at the viewpoint. Then it's onto the bustling city of Durban is South Africa's largest port where you will have time to stretch your legs with a stroll along the promenade before heading for St Lucia.

### **Greater St Lucia Wetland Park**

*Recently renamed the iSimangaliso Wetland Park, this sub-tropical paradise covers about 240,000 hectares and is the largest estuarine system in Africa. The park includes the southernmost extension of coral reefs on the continent, and covers 220km of the East Coast from St Lucia to the Mozambique border.*

*iSimangaliso encompasses a huge range of natural systems, ranging from dune, swamp and coastal forests to rocky and sandy shores, coral reefs and submarine canyons, and a mosaic of mangroves, savanna grassland, thickets and woodlands. It is the largest protected wetland in southern Africa, with large numbers of nesting turtles on the beaches; as well as the migration of whales, dolphins and whale-sharks off-shore; and huge numbers of waterfowl including large breeding colonies of pelicans, storks, herons and terns. The Park's unique climate and position have resulted in exceptional biodiversity including some 521 bird species. This is a UNESCO World Heritage site.*

## **DAY 8: HLUHLUWE UMFOLOZI GAME RESERVE / ISIMANGALISO WETLAND PARK**

We set out early this morning for a game drive in the nearby Hluhulwe-Imfolozi Game Reserve, one of the last strongholds of the endangered rhinoceros. While rhinoceros are the most famous of the parks inhabitants, the park also provides a home to many other species, including the Big-5 that we all hope to see. Returning to our lodging for a siesta, we freshen up for an afternoon boat cruise on St Lucia estuary.

*Hluhluwe-Imfolozi Game Reserve was established in 1895, the oldest game park in Africa. The Park covers about 96 000 hectares and contains a vast diversity of wildlife and vegetation. It is particularly famous for its conservation of black and white rhino – there are hundreds of endangered black rhinos and the largest population of white rhino in the world. The rest of the Big Five can also be seen here; buffalo, elephant, lion and leopard, as well as many other species including blue wildebeest, zebra, giraffe waterbuck, nyala, kudu, bushbuck, warthog, cheetah, hyena and jackal and thousands of impalas. More than 300 species of birds have been recorded in the area, making it one of the prime birding destinations in South Africa.*

### ***Eswatini (Formerly Swaziland)***

*Eswatini is the smallest country in the southern hemisphere and is one of only three monarchies left in Africa. The kingdom has been independent from the Commonwealth since 1968, ruled by a King who is appointed in accordance with Eswatini tradition. If he is absent, or unable to perform his duties for any reason, the Queen Mother*

acts on his behalf. In the 1980s this tiny country made international headlines when it was ruled by two queens in succession.

Following the death of King Sobhuza II, the Queen regent Dzeliwe Shongwe ruled between 1982 and 1983, and months later Ntombi Twala became the country's second female Head of State since independence. Eswatini is landlocked, bordered on all sides by South Africa except for roughly 100km of border with Mozambique in the east. Its natural resources are extremely well managed, and despite the country's size it lays claim to some of the best game reserves and national parks in southern Africa. Elephants, lions and rhinos have been reintroduced to the area after they disappeared due to hunting. It is also well-known for its prolific birdlife. Mlilwane Wildlife Sanctuary. Mlilwane was the first wildlife sanctuary in Eswatini, started in the 1950's by a local farmer, Ted Reilly, who has subsequently been instrumental in the conservation of Eswatini's natural heritage for many years. It is a beautiful, secluded sanctuary situated in Eswatini's "Valley of Heaven", the Ezulwini Valley, in between Mbabane and Manzini. The Sanctuary covers 4 560 hectares and comprises of a southern and northern section. The southern section is predominately open grassland plains with middleveld vegetation, stretching up onto the striking Nyonyane Mountain with its exposed granite peak known as the "Rock of Execution". Nyonyane is of great historical significance - it is where ancient San communities once lived and the Eswatini Royal family are buried there to this day. Behind these mountains, the spectacular Mantenga waterfall and beautiful Usushwana Valley form the divide, before stretching up to northern section, which includes one of the highest surrounding points at Lumphohlo. From the western boundary, the huge Usutu Forest provides a dramatic backdrop stretching into the distant hills. Tourist activities are concentrated in the southern section, with only guided trails entering the pristine mountains of the north. Mlilwane means "Little Fire", derived from the numerous fires started by lightning strikes on the granite of Mlilwane Hill.

### **DAY 11: SOUTH AFRICA - KRUGER NATIONAL PARK**

Setting off back to South Africa, we make aim for the Kruger National Park and begin with our first game drive in the Nomad truck as we enter the gates of the park. The Kruger National Park is South Africa's flagship national park and sightings of the "big five" has become something of a quest for many guests.

The Kruger NP has more than its fair share of animals and with approximately 147 mammal species we will spend our time in search of both big and small.

### **DAY 12: KRUGER NATIONAL PARK – PANORAMA ROUTE**

We set out a little later today and travel the short distance to the Panorama Route. Strung along the escarpment that divides the central plateau and low-lying bushveld of the Kruger, the sights of the Panorama route offer us a day of scenic delights. We will visit the highlights of Bourke's Luck Potholes, the Three Rondavels and God's Window before returning to camp in the late afternoon.

<b>Meals</b>	Breakfast, Lunch & Dinner
<b>Included Highlight</b>	Panorama Route - Bourke's Luck Potholes, Blyde River Canyon, God's Window

*The Panorama Route in Mpumalanga follows the edge of Blyde River Canyon, and includes some breathtaking views of the Three Rondavels, Bourke's Luck Potholes and the Pinnacle. Blyde River Canyon is the third largest canyon in the world and got its name in 1840 ('blyde' meaning 'joyful') from the Voortrekkers who passed through on their way to Lorenzo Marques (now Mozambique). It is one of the most spectacular canyons in Africa and its cliffs rise*

between 600m-800m from the riverbed. Possibly the best view in the whole of the Blyde River Canyon is of the "Three Rondavels - three huge rock spirals rising out of the far wall of the canyon. Their tops appear to have a hut-like rounded roof. They are named after the Swazi Chief Maripi's wives - from the lowest to the highest, they are Magabolle, Mogoladikwe and Maserote. Where the Blyde River and the Treur River meet, water erosion has formed one of the most remarkable geological phenomena in the country, known as 'Bourke's Luck Potholes'.

Over thousands of years, surreal cylindrical rock sculptures created by whirling water have formed a series of dark pools which contrast artfully with the streaked white and yellow lichen covered rocks.

Following the road and the Treur River south, there are further viewpoints; Wonder View, God's Window and the Pinnacle.

### **DAY 13: KRUGER NATIONAL PARK**

Rising early this morning we enter the Kruger National Park to enjoy a full-day of game viewing. This full day game drive offers a unique view of the park from an open-sided 4x4 vehicle. This evening there is an opportunity for an optional Sundowner Drive.

#### **Kruger National Park**

Established in 1898 to protect the wildlife of the South African Lowveld, this national park of nearly 2 million7 hectares are unrivalled in the diversity of its wildlife and a world leader in advanced environmental management techniques and policies. Approximately 145 mammal species, a list of over 500 bird species, some of which are not to be found elsewhere in South Africa, and 336 tree species occur in the park. When the first tourist cars visited the park in 1927, they made their own camps in thorn-bush enclosures and had to carry weapons to protect themselves from predators. During the Second World War the park was closed to the public and reopened in 1946 under new management. Today it is one of the most famous safari destinations in the world with all the facilities that one would expect from a world class holiday destination, but it has retained the untamed, unspoilt environment where you can experience Africa just as you imagined it!

### **DAY 14: KRUGER NATIONAL PARK TO JOHANNESBURG**

While those who elect to do the optional morning walk will have an earlier start, we will pack up and set off for our final destination, Johannesburg. We arrive at Belvedere Estate in the late afternoon and all travellers are invited to join us for a traditional meal tonight. This can be booked with your guide on the day before arrival. Many great tales are shared and tonight is for celebrating the many wonders of African travel.

If you want to do an extra night drive, go white water rafting or bungee jumping -we will make sure you book this with the safest and most professional operator. Some optional activities operate concurrently so the group may have to decide as a team which optional activities they'd prefer to do.

On the pre-departure information your consultant sends you there will be a lengthy list of what the locals offer in the various places we visit. These are as the name says... totally optional and you do not always have to do an activity to enjoy being in an area, simply walking around the local markets or interacting with the locals is an

experience with in itself.

### **General**

All information is subject to change without prior notice, changes would always be in consideration of your safety first and a better-quality experience. This would be where we are able to make improvements, sometimes last-minute decisions due to the nature of the tour/event. Travel times and campsites can change depending on road or weather conditions, or any unforeseen circumstances. These are used as a guideline only. On our longer tours it is possible that your crew, truck and fellow travellers will change due to our unique tour linking system. Please ensure that you have received the latest version of this dossier- your consultant will send you a link to do this, we ask clients to download the latest tour dossier 1 week before your tours departure so you are up to date with any changes.

### **Meals**

**Breakfast:**

As breakfast is served very early in the morning (if there is driving or activities to be done) it is a simple but filling breakfast: Tea and coffee, breads and spreads, cereals, yoghurts, fruits and on occasion, when there is time for a later breakfast, guides will serve a hot breakfast of scrambled eggs, porridge, bacon or beans.

**Lunch:**

Lunch is generally served at a picnic spot next to the road en route to a destination. As the guides only have approximately 45 minutes to get everyone off the truck, prepare lunch and then get everyone back on the truck again, lunches consist of sandwiches and salads (rice salad, pasta salad, tuna salad and green salad) which are quick and easy to prepare but which are quite filling. They do have meal plans which they should stick to, to ensure that there is variety on a day to day basis.

**Dinner:**

This is when the guides get time to prepare a delicious meal and they focus on a substantial protein, vegetable and carbohydrate dinner. We serve traditional cuisine consisting of braais (BBQ), potjie (stew), bobotie (mince), spaghetti and fish and chicken dishes.

Most evenings are spent talking about Africa. Your tour dossier will have details of where you will be each night and the prices of meals if we are spending an evening at leisure in a city or town. After or during dinner, guides will do briefings, please use this opportunity to discuss things with them.

### **Special Requirements**

Please confirm to us in writing if you are a vegetarian or if you suffer from any allergies (i.e nuts, milk, fish) (i.e. vegetarian), allergies (i.e. nuts, milk, fish). Where possible our guides do try and accommodate clients with intolerances (i.e. gluten, lactose), however we cannot guarantee the availability of speciality foods en-route and we therefore recommend you to bring these items with you or purchase them prior to departing on your tour.

### **Luggage**

We advise clients to be as light as possible when travelling through Africa. It is not a destination where you want to lug suitcases and heavy bags around. Lodges rarely have suitcase ramps meaning wheels are sometimes more of a hindrance and also impact on the case fitting in the lockers. On booking the pre-departure info will have a packing guide to help you prepare, however please note hard suitcases are not suitable. Soft bags are needed to fit in the luggage lockers.

Locker sizes are ±35cm sq, 80cm deep. If the frame of your suitcase does not fit these diameters, there is unfortunately nowhere else to safely store your bag.
