Meals: None

SOUTH AFRICA

With nine different provinces, 11 official languages and 3 capital cities, South Africa will most definitely make you stop in your tracks and go – WOW.

DAY 2 CAPE TOWN TO CEDARBERG AREA

We head around Table Bay and continue north through the wheat growing 'bread basket' of South Africa. We cross the Pienekierskloof Pass into the rich fruit growing area along the Olifants River, named for the vast Elephant herds that used to roam in this fertile valley.

Meals: Lunch & Dinner

DAY 3
CEDARBERG AREA TO THE GARIEP RIVER

From the Cedarberg, we travel further north through the region known as Namaqualand, well known for its prolific display of Namaqua wildflowers that occur each spring. After stopping for supplies in the small mining town of Springbok, we continue on through the desert area of the Richtersveld to the Gariep River, the natural land border between South Africa and Namibia, where we camp at a beautiful campsite on the South African bank of the river.

Meals: Breakfast, Lunch & Dinner

NAMIBIA

This sandy yet spectacular country gained its independence from South Africa in the year of 1990 and its largest city, also the capital city is Windhoek. This is a country of compelling beauty and wide horizons dominated by the brooding and desolate Namib Desert, which has the highest sand dunes in the world.

DAY 4
GARIEP RIVER TO FISH RIVER CANYON (NAMIBIA)

Today we cross into Namibia where, after a short drive, we reach the Fish River Canyon. At 161 km long, 27 km wide and about 550 m deep, it's the second largest canyon in the world. The outer canyon was formed by tectonic activity, while the erosion of the Fish River formed the inner canyon. A road follows the eastern rim, giving us access to several viewing points from where we enjoy the spectacular vistas.

Meals: Breakfast, Lunch & Dinner
Included Activity: A Visit to the Fish River Canyon

Fish River Canyon

Located in the South of Namibia, the Fish River Canyon claims the title of the largest canyon in Africa and the second largest in the world. Being approximately 160km long, 27km wide and just over 550m deep only allows for the brave and fit to take on the hikes and walks it has to offer.

DAY 5
FISH RIVER CANYON TO SESRIEM

An early start today, heading north we enter the area of the Namib-Naukluft desert, one of the oldest in the world. We base ourselves at Sesriem, a good place to experience the Namib and its many moods. A short distance away is Sossusvlei, surrounded by a dramatic sea of sand dunes reputed to be the highest in the world. Magnificent views of the desert can be seen from the top of the dunes, some over 300 m high. Make sure you look up at the stars tonight; the desert puts on a show like nowhere else in the world!

Meals: Breakfast, Lunch & Dinner
Included Activity: Namib Naukluft National Park

DAY 6
SESRIEM

This morning we enter the Namib-Naukluft National Park where we spend the morning exploring this amazing area. We take some time to climb to the top of Dune 45 - a truly memorable experience. Following our once in a lifetime experience you will take the desert shuttles a further 5kms into the desert where you can take a walk to Sossusvlei and explore the surrounding area.

Meals: Breakfast, Lunch & Dinner
Included Activities: Climbing Dune 45 & A Visit to Sossusvlei

Sossusvlei – Sesriem Canyon

This salt and clay pan is surrounded by never ending sand dunes which form part of some of the highest dunes in the world. If all these dunes had the ability to be jealous, then they would all be jealous of Dune 45, due to its stunning view of the sunrises and sunsets and its photographic quality. Not being one of the largest or most popular canyons, Sesriem Canyon makes up for it with character. The name Sesriem was given to it by the settlers and is Afrikaans, it can be translated into “six belts”. After coming back from their treks, the settlers would have to tie six belts together, attached to a bucket, in order to scoop water from the canyon.

DAY 7 SESRIEM TO SWAKOPMUND

After breakfast, we head off in a north-westerly direction to meet the Atlantic Ocean at Walvis Bay. Our drive takes us across the Tropic of Capricorn – the ‘imaginary line’ that shows the southernmost point of direct sun and signals the southern hemisphere’s mid-summer day. From Walvis Bay, we follow the coast for some 35 km to arrive at Namibia’s prime holiday resort - Swakopmund where we enjoy 2 nights of rest, relaxation and a little bit of adrenalin for those that are keen! Accommodation will be in dormitories for the next 2 nights, upgrades into private rooms are possible, but depend on availability and can be booked with your trip leader.

Meals: Breakfast

Solitaire – Tropic of Capricorn – Swakopmund

Consisting of a fuel station, post office, small general dealer and a bakery, Solitaire may be small, but it sure lacks no character. After filling your belly with some of the best apple pie, your next stop is the Tropic of Capricorn. The board marking the tropic may be one of the most photographed boards in Namibia, followed closely by the Namibian border signs (which are technically prohibited), but people manage to sneak one or two in. Swakopmund has become the adventure capital of Namibia, while the city of Windhoek is the Capital. Any adventure junkie will be attracted to Swakopmund, whether they want to jump out of a perfectly good plane or try their luck at sand boarding.

DAY 8 SWAKOPMUND

Founded by the Germans in 1892, their colonial influence is still evident today. Swakopmund has a selection of excellent coffee shops, restaurants & bars as well as many arts and crafts shops selling Namibian curios. There are fine beaches to walk along as well as a great museum, aquarium and galleries to visit. Alternatively, the lovely beach and promenade make for a great relaxing walk – though bathing in the ocean waters may be somewhat chilly! Some of our fellow passengers may leave us in Swakopmund, to be replaced by new passengers joining us for the rest of our trip.

Meals: Breakfast
Optional Activities: Sky diving, Quad Biking, Sand Boarding, Scenic Desert Flights, Dolphin Cruises, Fishing, Golf, Horse Riding and more. An Activity briefing will be held on arrival in Swakopmund.

After lunch, and once it has cooled off a bit, we spend the remainder of the day exploring the park's southern area. Keep an eye out for the striking Oryx and Springbok as these are endemic to desert National Parks! Tonight's camp is situated just outside the parks boundaries, only 10kms from Anderson Gate. Perhaps a quick dip in the pool or a sun downer on the deck before dinner, followed by a relaxing evening in this interesting bar.

Meals: Breakfast, Lunch & Dinner
Optional Activity: Game Drive

DAY 12

BOTSWANA

The size of this successful country can be compared to countries such as Kenya or France, and fairly smaller than Texas. Botswana is a landlocked country with borders such as South Africa, Namibia, Zambia and Zimbabwe which can all be crossed overland. For such a small country, it boasts an array of spectacular game viewing opportunities such as, hundreds of elephants splashing in the Chobe River and the Okavango Delta and its maze of lagoons.

DAY 15 GHANZI TO MAUN (BOTSWANA)

Maun is the starting point for travel into the Delta and it is from here that we set off to explore the Okavango Delta. Tonight, we prepare our provisions and packs for our overnight night excursion. We suggest bringing along a smaller daypack on your trip as this can be used to pack the supplies needed for this short excursion. Your trip leader will brief you fully on what is needed, and what to expect prior to your trip to the Delta.

Meals: Breakfast, Lunch & Dinner

After an early rise, we pack our expedition vehicle and from Maun we drive north for a couple of hours to reach the mokoro poler's station. The Delta region is studded with many local villages where many families live in a traditional way. Some of the villages are very remote and can only be reached by the traditional mode of transport – the Mokoro. Mokoros are dugout canoes manoeuvred through the waterways by local guides who “pole” them through the reeds. At the Mokoro station, we meet our ‘Polers’ and pack our supplies before heading out into the waterways. After a couple of hours along the waterways, we arrive at our mobile tented camp situated in the heart of the Okavango.

On arrival, you will meet the local staff who will be your host during your stay. A brief introduction to the camp will show you your dome tent with twin beds and a bush en-suite bathroom – long drop toilet and a bucket shower. Relax in the tent with a cold drink or take a paddle in the Delta in a canoe. The activities at the camp include Mokoro trails and guided walking.

Prosperous during the copper boom in the 60's, Zambia was able to build infrastructure at the main mining and farming communities. After the fall of the copper industry, the country was left virtually bankrupt and existing infrastructure was left to fall to ruin. Due to foreign investment and a rise in the mining industry, Zambia is today once again starting to prosper. The difference is evident in the cities with

Spend the days learning the game of bao from the locals, scour the markets for a bargain or simply relax on the pristine beaches. Malawi's temperate climate allows for swimming in the clear blue fresh-water lake all year round. Explore the beautiful shore where you'll happen upon the local fishermen sorting their catch. Traditional fishing techniques are still practiced and to appreciate their boating skills, try to paddle a dugout canoe yourself! DAY 44 NAIROBI TO MASAI MARA

Leaving the hustle and bustle of Nairobi we climb the escarpment to our first stop, a viewpoint overlooking a section of the spectacular Great Rift Valley. Descending into the Rift Valley, we enter Masai land where these habitual pastoralists are often seen tending their cattle from the side of the road. We pass through the town of Narok, and

continue our drive possibly getting a glimpse of some wildlife along the way. We arrive at our campsite, Acacia Camp in the late afternoon. Acacia Camp looks on to the Meguarra hills and the stream that meanders by on the bottom end forms a natural border to the Masai Mara National Reserve.

Meals: Lunch & Dinner

DAY 45 MASAI MARA

We depart shortly after sunrise on our game drive into the Masai Mara Reserve. The Masai Mara is well known as one of East Africa's best National Reserves and is home to a wide variety of wildlife species. Most famous for the Annual Migration, that consists of the impressive herds of over 1 million wildebeest, zebra and Thomson's gazelle that cross over from the Serengeti National Park in Tanzania; the Masai Mara is most popular between July and October when these vast herds feast on the fresh grazing here. Following these herbivores are Africa's predators that are often seen at a kill during this period. We game drive through a section of the park in search of the 'Big 5' - elephant, rhino, buffalo, lion & leopard; along with the many other species of animals, reptiles and birds who make call this wilderness home.

After our game drive, we have the option to visit one of the nearby Masai Manyatta's – this is a traditional hamlet where the Masai still live in their traditional way. This evening we sit around the camp fire, and watch the sun set over this "Garden of Eden".

UGANDA

The "Pearl of Africa" as it is referred to by its people, is home to some of Africa's major attractions. This country contains four of Africa's seven great lakes, including Lake Victoria which is the second largest body of fresh water in the world. Lake Bunyonyi is one of these spectacular lakes with its mythical landscapes and hidden bays. The source of the Nile at Jinja allows you the opportunity to tame the mighty waters with some of the world's best white water rafting. And to top it all, this breath-taking country has the largest population of primates anywhere in Africa.

DAY 47 ELDORET TO KAMPALA (UGANDA)

This morning, we cross the border into Uganda where we overnight in the capital city, Kampala. Uganda is a small country of striking physical beauty. Its landscapes vary from the fertile green areas around the northern shores of Lake Victoria to the snow-capped Ruwenzori Mountains in the west and the semi-desert region in the north. The political instability that has haunted Uganda in the past has actually had the positive effect of leaving the country free of the over commercialism so common in other parts of Africa. The current administration under President Museveni has devoted considerable effort and funds to return Uganda to its former status as one of Africa's most prosperous and, from a tourist's point of view, one of the most appealing and interesting countries to visit.

Meals: Breakfast, Lunch & Dinner

After an early morning departure from Kampala we drive west into the depths of Uganda to our base at the tranquil Lake Bunyoni.

Lake Bunyoni, the deepest Crater Lake in Africa and home to a large and varied number of beautiful birds, is the base from which the optional Gorilla trek takes place. Dependant on where trekking permits are available, we trek in the Magahinga or Bwindi National Parks in Uganda, the Virunga National Park in the Democratic Republic of Congo, or the Ruhengeri National Park in Rwanda.

The prices of trekking permits fluctuate and may change without prior notice – currently they are priced from US\$700 excluding transfer and bank fees (both of these amounts need to be prepaid).

For trekking in the DRC or Rwanda (the trip leader will advise at the pre-departure meeting as to where the permits have been secured, and will assist with the online visa application for Rwanda en-route if needed), we will also have to purchase an additional visa to enter either country, as well as renewing our Ugandan visa upon re-entry. We also advise budgeting a little extra for tips for the local guides and rangers.

Mountain Gorillas

The Mountain Gorillas are highly sociable animals, living in fairly stable groups, which are held together by long term bonds between males and females. These creatures come across as strong and powerful, yet they remain the shy and gentle giants of Africa.

Trekking Procedures: The mountain gorilla (Gorilla Berengei), of which there are still only about 700 remaining, are one of our closest living relatives. A visit to these gentle giants in their natural environment is a unique and wonderful experience - one you'll never forget. The park rangers monitor the gorillas on a daily basis and have a fairly good idea of where they are. However, they are free roaming animals, and their sighting cannot be guaranteed. As the gorillas share much of our DNA, anyone with even the slightest cold or transferable illness will not be permitted to trek. Trekking is also only open to people over 16 years old.

Due to the restrictions on the daily numbers of visitors to these incredible animals, we depart from our base in Bunyoni in small groups over 3-4 days, depending on the group size. We wind our way through arguably some of the most picturesque scenery in Africa en-route to the National Park. Dependant on where permits are available, we may spend a night in either Kisoro or in Rwanda. The following morning, after packing our picnic lunch, we are transferred to a ranger's station where the trek commences. Your rangers will lead you through the cultivated lands and then into the dense rain forest and on to a gorilla family. Trekking can take anywhere from 45 minutes to 8 hours (not including transfer time) and it can be quite strenuous, so a reasonable level of fitness is required. To ensure the gorillas do not get too used to the presence of humans and because they share many of our genes (and therefore able to catch our diseases), the maximum time permitted to spend with them is 1 hour. You will have plenty of time to watch their activity and to take photographs. The rangers will be able to provide you with a background to the family you are visiting. Once your hour is up, you trek back out of the rain forest to your meeting point where you will be transferred back to the Lake Bunyoni campsite.

You needn't feel like you're exploiting these animals. The ever-growing number of tourists trekking them each day play a vital role in their survival. For years they have been ruthlessly hunted for their hands and heads, which have been sold as ashtrays and lampshades! In addition, large numbers have been killed whilst trying to stop poachers stealing the babies for sale to zoos, where they have never lived long. 100% of the gorilla permit cost is used to by the parks authorities to finance patrols that are instrumental in protecting the gorillas from poachers and their lethal snares and on promoting these wonderful animals.

Depending on where the trek takes place you may also pass through some of the local villages that have settled in this region due to the high number of refugees fleeing from the Rwandan Genocide, or from the continued unrest in the DRC. The villagers in this area are mostly subsistence farmers, and families that farm against the slopes of

the volcanoes. It is impressive to see how they have ploughed, planted and harvest their crops in such an unlikely landscape.
